

Baxter Planning Systems Selected For Fourth Consecutive Year As One Of *Global Logistics & Supply Chain Strategies* 100 Great Supply Chain Partners

Leading Service Parts Planning (SPP) Company Awarded Again

Austin, Texas - July 9, 2007 - Baxter Planning Systems (www.bybaxter.com), the premier provider of aftermarket parts planning solutions, today announced that *Global Logistics & Supply Chain Strategies Magazine*, the premiere publication for executives at the highest levels of supply chain management, has recognized Baxter as one of its 100 Great Supply Chain Partners for 2007. This is the fourth straight year that Baxter has been named as a great supply chain partner.

“We are proud and honored to be part of this distinctive list for four consecutive years,” said Greg Baxter, founder and CEO for Baxter Planning Systems. “Our customers are highly innovative and exceptional companies. To be nominated by the leaders of these companies for this award is truly something special.”

The *Global Logistics & Supply Chain Strategies* 100 Great Supply Chain Partners program is the result of a six-month poll in which the magazine asks logistics and supply chain professionals to nominate vendors and service providers whose technology, logistics, transportation or consulting solutions have made a significant impact on their company’s efficiency, customer service and overall supply chain performance.

“In 2007, *GLSCS* received more than 2,000 nominations covering scores of different industries on five continents,” said Brad Berger, group publisher for *GLSCS*.” “More than 500 vendors of every conceivable type of supply chain activity were nominated - from very specialized technologies, to global third-party logistics providers to highly specialized transportation services. The 100 companies that received the most qualified nominations were selected to this year’s list. Congratulations to Baxter Planning Systems for being selected as a 2007 *GL&SCS* Great Supply Chain Partner.”

To view the 2007 100 Great Supply Chain Partners feature in its entirety, please visit <http://www.glscs.com/> which will be updated in mid-July.
